### UTILITY COMMISSION DECISION

The Public Utility Commission have denied the petition of the Oxford Light Company asking that they might junk the Norway and Paris Street Railway. The Commission in a two column decision seems rather in doubt as to the course they really ought to do. It then plainly says this:

"All these facts and recommendations are proper for the consideration of this commission and we have given them careful consideration. We conclude that, it appearing to our satisfaction that the Oxford Electric Company having invested in its property a sum in excess of $20,000 which came from the electric railway operations, which sum if available would be nearly if not quite sufficient to rehabilitate the existing electric railway and place it in a condition to render service, has not shown sufficient cause to authorize a permant abandonment of its electric railway service and the petition will therefore be denied."

It also leaves it open that under the changed conditions it is possible they might order them to resume operating the road, therefore they would not now give permission to sell and junk it at this time.

It seems to us that the decision is in favor of those who ask for the road to be operated.

### Poultry Show Will Attract Many

Everything indicates a big exhibit at the 11th Annual Western Maine Poultry show to be held at Norway Opera House, January 6, 7, 8, 1920. It is not impossible that at least three hundred birds will be here.

Several prominent showmen who have attended during the past few years will be here again with a big string of blue bloods. O. W. Eggleston, Lyndonville, Vt., a prominent breeder and W. F. Worcester, proprietor of the Worcester Poultry Farm at Old Orchard, will attend. Frances & Brackett of Oxford, B. A. Carpenter of Poland with Columbia Wyandottes and J. F. Moody, Jr. of Hebron will also be on hand, showing white wyandottes and White Rocks. Frank S. Clark of South Paris with a fine line of white Wyandottes and Birney Fields, Norway showing the Alexander strain of Buff Wyandottes will exhibit.

Generous prizes including cups, ribbons, poultry and miscellaneous goods and cash are offered. The treatment of exhibitors and their birds will be first class.

Mrs. Thomas Smith and daughter, Marion of Auburn is visiting a few days at Mrs. George M. Ames.

Collector Eugene C. Libby is rounding up the poll taxes which are long past due and go on interest after this month. The assessors' office is his headquarters.

A stray dog got after "Shorty" Faneuf's Belgium hares early this week. The female hare was badly maimed, while the buck cleared out to safety. "Shorty" reluctently finished his pet, and the pelt is being cured for the fur market.

Cleve Goodwin went on the American Railway Express Co. team, Monday morning. Ossie Ballard has taken the L. J. Brooks' grocery team in his place.

Oliver J. Foss has bought the Lombard stand on Paris street, occupied during the past fifteen years by Mrs. H. J. Chase and family.

Wilbur Rogers completed the moving of his household goods early in the week, from the former Geo. Wood stand on Cottage street to the Palmer homestead on Beal street.

Plans for improvements to relieve congested conditions about the station yard have fallen through according to reliable information. The new spur track over the gully which was to be filled near Beal street, would have given Llewellyn H. Cushman room for a coal pocket and his power loader. A deposit was made the railroad by Mr. Cushman for this needed change, and he dumped in some of the material to start matters. The higher powers decided in the eleventh hour that business would not warrant more trackage. Every day facts do not bear out this conclusion.

E. Fred DeCroteau, who has been visiting his brother, William E. DeCroteau, during the past few weeks, and has a position as an advertising manager for Empire Theatre, Lewiston, and entered upon his duties, Monday. Mrs. DeCroteau, who has also been visiting in Norway will join her husband there after Christmas. Mr. and Mrs. DeCroteau have cancelled all contracts with traveling companies for the present.

Rev. M. O. Baltzer addressed the intermediate members of the Methodist Episcopal Sunday school at Deering church, South Paris, Friday evening.

MR. and Mrs. W. H. Buck were visitors at Everett W. York's, Otisfield Gore, from Saturday until Monday afternoon.

Frank Lovejoy fixed his poultry house for the winter and missed a pullet. Consequently he became suspicious of his neighbors. Frank visited the nearby hen houses until it was the owners cue to frown and cast interrogation points. It is said they put the roosts under lock and key. At a suggestion from a friend Mr. Lovejoy played the "Six eyed sleuth" about home. Digging away a new banking from his poultry house, the delinquent biddy, lost some two weeks before fluttered out. She was safe and sane but somewhat dilapidated.

Edward W. Dyer, the Steeple Jack, is in town this week, arriving from Livermore Falls where he worked on a chimney some two hundred and forty feet in the air. He has a chimney job at Kezar Falls, and will have employment with a construction company at Nashua, N. H., until spring. An application for a patent on a reinforced cementstack has been filed. He expects big returns from this new way of construction, and has received offers from several prominent corporations for a new model chimney. Painting church steeples, factory chimneys and large buildings by hand is slow work. He uses a compressed air machine, having received instruction in its use at the factory where they are manufactured.

## BASKET BALL

Norway High, 70;
Lewiston Independents, 16

Everything worked smoothly for the Norway High outfit at Norway Opera House, Friday evening when the Lewiston High Independents went down in defeat. The game was a busy one for the home guard with little defensive work on their part. Never in the contest were the visitors dangerous, as they were outclassed in every corner. Norway's signals worked without a slip, and they had the freedom of the surface with only a weak opposition. McCormack and Bennett, the N. H. S. subs. were given exercise during the last seven minutes.

Dancing followed the game. Music by the Imperial Singing Orchestra.

### Locating Lost Brother

Do you know Malcome McLain? Selectman Geo. F. Hathaway received a communication from Mrs. George E. Rose, Norwood, N. J., asking information from a brother believed to be living on Nuy street, Norway, Maine, or in Nuy, Norway, Europe. They have been separated more than thirty years, and a faint clue concerning his whereabouts led to this inquiry.

### Broke Through the Ice

In crossing the channel while skating Gretchen Eisenwinter broke through the ice and got a good wetting last Saturday. In the skating party were Virginia Hall, Lauristeen Foster, Madaline Hayden and Alice Bartlett. Percy Fogg came to the rescue with a pole.

Mrs. N. Edward Carroll is at Springvale, called there by the serious illness of her father.

Mrs. Elizabeth J. Andrews and Miss Nellie Andrews left Tuesday for Acton, Mass., where they will visit Mrs. Mary A. Holden. They plan to spend part of the winter with Mrs. Holden and the remainder with Mr. and Mrs. E. E. Andrews at Allston, Mass.

Mr. and Mrs. Archibald Swift, who have been visiting at Fitchburg, Mass., will remain during the winter as Mr. Swift has secured a good position.

Samuel Ray is moving his family from the Swift house on Paris street to the Capt. Bisbee tenement, Corner Crescent and Pleasant streets. Arthur Carroll will occupy Mrs. Swift's rent on the second floor.

Mrs. Grace Swift has been ill since Friday night with symptoms of ptomaine poison. She is recovering slowly, and is able to get about her home for light housework.

Roger M. Hutchins of the United Shoe Co. has joined the Elks. He was one of a class of 143 new members. He belongs to the Brooklyn Lodge, and there are 8527 other members. He attended the Will Hays' recent dinner at the Astor House—with 1700 others.

Walter Cullinan is unable to haul cord wood in sufficient quantiy to supply his customers and the waiting list is fast growing. He has many hundred cords in the woods ready to move on sleds, but located beyond the reach of wheels. A good snow fall would do the trick, and release the valuable fuel much needed in the village.

Tim Heath is cutting cord wood on his Pike Hill lot. Some pretty big oak timber has been found, several trees measured two feet at the butt. He has been putting up a cord a day until running against this large growth.

Pennesseewassee Lodge, K. of P., will entertain Lake Temple Pythian Sisters this Thursday evening after the regular K. of P. meeting.

Several of the Haverhill shoe workers met at the home of Fred Davis, Monday night, Dec. 8. An evening of music was enjoyed and refreshments served.

### Truman Wins Over Gurney

Frank Stairs started his series of wrestling matches at Norway Opera House, Tuesday evening, Dec. 9, to a good sized crowd and staged a show of real performers.

Truman again conquered a man of great strength and still holds the title of champion of Maine, a title that to him rightfully belongs.

Each bout was filled with thrills and good honest wrestling that gave the sporting fans a good run for their money. The show started with Fred Banks on his job as referee and Mike Nadir against Kid Weston, the first pair on the mat. These cockerels showed skill and real wrestling was in order. Kid Weston won the first fall in 42 minutes. Nadir proved a worthy aspirant as his antagonist was a beefy chap, considerably heavier. All things considered the margin of ability was slight. Mike is willing to take all comers in his own class, and it is safe to say they must be more than tenderfoots if a win is pulled off from the scrappy Syrian.

The second bout opened with Bob Shaw of South Paris and Kid Taylor of Waterville. A good stock of wrestling power was exemplified by both men. Kid Taylor won over Shaw in two straight falls, the time 8 and 11 minutes. It was no discredit to Shaw as his clean cut gentleman opponent came to Norway with a cargo of fame and reputation.

Don Gurney lost to Truman in the main bout called at 9:45. The first fall was won by Truman, time 21 minutes. Gurney scored the second fall. Both men went at the other with the glare and agility of African tigers during the final scramble. Their movements plainly showed the winner must put on full gas. Truman won the third fall and match with an arm lock and his famous body scissors.

Lane of Farmington has accepted Truman's $50 challenge, winner to take all. Frank Stairs says he will bring some of the best men in the country, Kentonen included. Next match followed by a dance.

### Universalist Fair

The ladies' circle of the Universalist church are holding their annual fair in the church vestry commencing Wednesday afternoon with a sale and closing Thursday evening with a supper and musical farce, "The Beantown Choir."

Although handicapped by sickness calling away several workers, the ladies made extensive preparations and assembled a fine display of articles which sold readily. The usual decorations were omitted this year. Never has there been a sale at this church when the various tables offered a better assortment, or the goods in greater demand.

A large stock of aprons on the apron table in charge of Mrs. Honor Downing disappeared early in the afternoon. Mrs. C. S. Tucker was chairman of the underwear department where a large stock of handmade articles sold quickly. Three tables loaded with fancy articles in charge of Mrs. Elizabeth Sampson, proved an attraction for the Christmas shopper. A large assortment of articles for decoration and practical use were sold on record time and only a few left for evening sale.

Candy went like dew before the sun at the booth where Mrs. Annie Favor served as chairman. Nearly $40 was taken before the stock was exhausted. An air of mystery surrounded the booth conducted by Ruth Cummings. A small price laid down for a bundle or package brought happiness and a surprise to the purchaser. This place was one of the most popular sections in the vestry as a large gathering of youngsters with sporting tendencies were there after school hours.

Tables were set on the stage Wednesday afternoon and evening where refreshments were served a la carte. Mrs. F. E. DeCoster and Della Noyes were chairmen of this important department. The patronage was large.

The sale was resumed Thursday. At 6:45 this evening a supper will be served with the refreshment committee in charge, assisted by a large corps of helpers. The menu will include baked beans, home made rolls, pies, cake, salads, and coffee. Adeline DeCoster, chairman of entertainment committee has selected the laughable farce, "The Beantown Choir" for the evening show. Eleven characters assisted by the Imperial-Male Quartet in costumes appropriate to the title will handle this comedy.

### INCREASE IN PRICE

Commencing with the next issue the price of a single copy of the Advertiser will be 5 cents.

For a while longer we shall continue to receive yearly subscriptions at the old price of $1.50 for twelve months. How long this will continue we cannot now state.

Regular meeting of the Ward 8 Club, Thursday evening at the club house. A lunch, cards and smoke talk will follow the regular business session. Members must bring dippers as the crockery department is not equal to the occasion.

Daisy Chase has given up piano instruction at Oxford for a year because of poor health. She has been teaching during the past ten years. Ruth Cummings will form classes soon.

Will Twitchell has moved his family from the Maxim block on Pine street, South Paris, into the upstairs rent of the tenement owned by A. C. Wheeler on Brown street.

Guy Murdock is again out after being laid up two weeks with tonsilitis.

Mrs. Hazen Nevers is the guest of Mr. and Mrs. True C. Morrill. Mr. Nevers was a former principal of the high school.

H. D. Smith, who has been ill at his home on Danforth Ave., is improving.

Elizabeth Crockett Blake Tent, No. 8, D. of V., will hold its annual meeting, Friday evening, at K. of P. hall. Election of officers will occur. A buffet lunch after the lodge session.

Mrs. Louise Wells of Portland, field organizer for Cumberland, Androscoggin and Oxford counties in War savings and Thrift stamp work, was in town the past week.

In the heavy wind blow of Wednesday, Mrs. William E. DeCroteau lost a reel full of clothes from the garage roof into the brook. After much difficulty the clothes and reel were rescued and returned to its proper place.

### Marcus W. Chandler

Marcus W. Chandler of Deering, formerly of Norway, passed away at his late home Tuesday, as the result of a shock, which he suffered some two weeks previous.

Mr. Chandler was the youngest child of Moses and Mercy Swan Chandler and was the only living member from a family of eight children. He was born in Bethel, June 9, 1845, on a farm in that section of the town known as the Chandler Hill near Walkers Mills. He commenced early in life as switchman and baggagemaster at the G. T. R. station in Bethel. He learned telegraphy and was station agent there for a long period until transferred to Norway station. After reaching the age limit and being retired on a fixed income, he settled near Deering. A period of rest brought back in a large measure his usual good health and found employment as bookkeeper in a large grocery store.

He is survived by his widow, who was Alma Needham of Bethel, and a daughter, Ella Chandler, who lives at home. He belonged to several Masonic bodies and other orders, was a Methodist and a Republican. The funeral was held Thursday at his late home, burial to be at West Paris.

### Methodist Church Notes

The Junior League will meet in the vestry at 3:30 Sunday afternoon.

In the evening at 6:30 the Epworth League will meet in the vestry, the subject will be "The Duty of Church Membership," the leader will be A. H. Morgan.

The Woman's Home Missionary Society met with Etta M. Noyes, Thursday afternoon, a goodly number being present.

The annual fair of the church will be held in the vestry of the church next Wednesday. Fancy articles of all kinds will be on sale. There will be served at this fair refreshments afternoon and evening.

### Congregational Church Notes

Sunday services, regular preaching service at 10:40 a. m., music by the choir. Sunday school at noon. Junior C. E. at 3 p. m., subject, John's Letters, leader Theodore Sloan. Senior C. E. at 6:30 p. m., subject "How to Use the Bible." Song and praise service at 7:30 p. m.

The annual every member canvass for the financial up-keep of the church and parish during the ensuing year will take place next Sunday, between 2 and 5 o'clock p. m.

The mite boxes are expected to be sent in before Christmas.

Woman's Missionary Society meets with Mrs. M. O. Baltzer, Wednesday afternoon, Dec. 17, at the usual hour. Foreign Missions will be discussed and important business is to be transacted. A large attendance is desired.

"Americanism" was the subject of the free stereopticon lecture at the church Sunday evening. The pastor followed the fifty colored views with interesting descriptive matter furnished by Underwood & Underwood. The period covered was from the landing of the Pilgrims to Washington's inauguration.

### High School Notes

Norway high school boys' basket ball team will go to Rumford on Friday night, Dec. 12, to play against the strong Rumford team. As was shown in last Friday night's game, Norway is in splendid condition and everyone is assured of victory.

Many have spoken favorably of the work done by the girls' cheering section at the games held Friday evening. Not only were the cheers original and lively, but the girls were enthusiastic under the direction of Elizabeth Klain, 1921.

Lelia Mills, a forward on the basketball team, and one of the star players, has been confined to her home since the game with Mechanic Falls. It is hoped that she will resume her splendid work soon.

Eleanor Brown of the teachers' course is substituting for two weeks at the Crockett Ridge school.

Term examinations will begin on Tuesday, Dec. 16, at 1:30 and will be finished Friday, Dec. 19, when the school will be closed for a vacation of two weeks.

Lester L. Witham has been discharged from Dr Cobb's hospital and returned home. The injured eye is healing and the sight is improving rapidly.

Mr. and Mrs. Don C. Whitney and son of Old Orchard were guests over Sunday of Mr. Whitney's parents, Mr. and Mrs. Arthur Hebbard at W. E. Rice's. Mr. and Mrs. Whitney leave soon for California, where Mr. Whitney will be manager of a boot and shoe store at Los Angeles.

The Twin Town Bakery, F. W. Walker manager, was officially opened Saturday with a general invitation for a public inspection. Mr. Walker has after a long series of experiments, produced special bread of the highest quality, named, "Golden Crust." The rooms have been remodeled, painted and made sanitary in every way. An oven where two hundred loaves of the famous bread can be handled at one time is working every day. Mr. Walker caters to home patronage and visitors are welcome at all times.

Lake Temple Pythian Sisters hold their regular meeting Tuesday evening, Dec. 16. A penny social will follow the business session. It is expected all who attend will not forget to bring a generous supply of that insignificant coin. Members of the committee for the occasion are Mrs. Susan Wentzel, Mrs. Alozia Witham, Mrs. Wilbur Tucker, Mrs. Mary Lewis, Mrs. Grace Pike, Mrs. Etta Lebroke, Mrs. Ruby Sharon, Mrs. Maud Spiller, Mrs. Fontie Brown, Mrs. Hattie Brown, Mabel Warren, Mrs. Nettie Nevers.

Look in the "business specials". There are a lot of Christmas suggestions in that column this week.

## SOUTH PARIS

### Board of Trade Banquet

Cooperation was the paramount idea expressed at the complimentary banquet tendered the Norway Board of Trade, the West Paris Chamber of Commerce and other guests by the South Paris Board of Trade. This Community-get-together was held at the Grange hall, Tuesday evening, where about two hundred enjoyed the fine banquet served under the direction of Byron Tuttle, proprietor of the Andrews House. The South Paris young ladies proved efficient waitresses. Shaw's orchestra, stationed in the rear of the hall played during the banquet hour. Patrotic decorations were tastfully arranged around the ceiling with "Welcome" signs in conspicuous places.

The reception committee was active, and the guests received the glad hand upon their arrival.

Perley F. Ripley, president of the South Paris Board of Trade, presided during the after dinner speeches. His words of welcome, and the brief introduction for each speaker was punctuated by a vein of humor characteristic of Mr. Ripley.

Hon. Alton C. Wheeler, of South Paris firmly believed in cooperation in the good roads movement, as Paris and Norway must pull together. The community spirit should prevail especially in solving the "connecting link question," or in making a permanent highway between the villages.

Lawrence M. Carroll, president of the Norway Board of Trade was an enthusiastic supporter of a cement road proposition, and believed Norway should continue the work from the end of Main street near Tannery bridge and meet the highway as proposed from Market Square to the Paris-Norway line at the corner of Oxford County Fair Grounds. Mr. Carroll left a suggestion for the earnest consideration of both communities—that for a community hospital. He believed good health in both villages should have our first consideration. Conservation of human life was the idea expressed. A union high school should also become an important question to be settled in the near future.

W. T. Allen of the State Road Commission described road construction and gave figures and estimates on various materials used by the State in their work. No definite cost for the proposed road was given, as local conditions vary greatly.

Mr. Markley of Portland, formerly with the New York State Road Commissioners, explained the so called permanent road construction. The three kinds are granite blocks in cement; bricks with cement underlay, and a solid cement. In his experience and observation the the first cost in cement construction was slightly higher than in the others mentioned. A low up-keep offset such advance and in the end cement construction was economy. Roads of this material if properly built should last at least twenty years, then re-surfaced at a small cost. In his opinion the road in question would be an attractive job for any reliable contractor. Local conditions are ideal for rapid construction.

Judge J. P. Deering of Saco with gubernatorial aspirations, and an authority on the disbursement of the State's road money, explained the financial situation and gave estimates of State aid in this case. The Judge spoke at some length about the advantages of good highways where adjoining property increases in value and the community at large receive a direct benefit from increased patronage and saving valuable time. He strongly recommended a weight limit for trucks, and would enact Federal or sectional laws to control an evil detrimental to our roads. Highways built to stand a six ton traffic should not be abused by a ten ton service.

Sam E. Conner of Lewiston introduced as the most able reporter in Maine described in a witty vein his knowlege of the direct benefits derived from solid roads kept in proper condition.

Hon. B. G. McIntire of Norway believed emphatically in connecting the villages with a permanent road and would also help out the small arteries of travel from rural districts which feed the trunk lines. He agreed with other speakers that the movement should be considered a wise investment or available asset, and not a burden placed on the tax payer. Cost to build should not be levied by direct taxation, other legal means could be used and the expense not felt by the property owner struggling under burdens continually growing heavier.

All enjoyed the evening, not wholly from a social stand point, but an exchange of ideas opened the minds to pressing needs close at hand. The gathering was fraternal in every respect and good fellowship reigned. Beside the Norway and Paris representatives a number were present from Bryant's Pond, Locke's Mills and Bolster's Mills.

Mrs. Alton C. Wheeler arrived home, Saturday night after completing a trip to California.

Dr. W. B. Raymond arrived home this week after completing special courses at the New York Post-Graduate Medical School. Instruction in stomach and intestinal diseases, and physical diagnosis, with special references to diseases of the chest were the main topics followed.

The branch bank at Buckfield handles the savings department.

### Kezar Lake Grange

The regular meeting of Kezar Lake Grange, Dec. 3, was a pleasant and profitable occasion. The first of the evening was given to the regular business and the conferring of the first and second degrees on two candidates, then refreshments of coffee, sandwiches, doughnuts, cookies and cake were served.

After lunch there were remarks by State Grange Master Thompson, who was a guest of the grange. He spoke briefly of some of the most important happenings at the national grange, Grand Rapids, Mich., which he attended. He spoke of several decisions reached by the National Grange in regard to grange work and most important to the farmer. He gave a short talk on parliamentary rules and closed by giving some facts on the condition of business, the strikes, their consequences to the public, the high cost of living and how it all effects the farmer. A very interesting discourse and one that should make the grangers think what they can do to help in this great emergency. Later the officers were elected for the coming year.

# THE MAKING OF A FAMOUS MEDICINE

## How Lydia E. Pinkham's Vegetable Compound Is Prepared For Woman's Use.

A visit to the laboratory where this successful remedy is made impresses even the casual looker-on with the reliability, accuracy, skill and cleanliness which attends the making of this great medicine for woman's ills.

Over 350,000 pounds of various herbs are used anually and all have to be gathered at the season of the year when their natural juices and medicinal substances are at their best.

The most successful solvents are used to extract the medicinal properties from these herbs.

Every utensil and tank that comes in contact with the medicine is sterilized and as a final precaution in cleanliness the medicine is pasteurized and sealed in sterile bottles.

It is the wonderful combination of roots and herbs, together with the skill and care used in its preparation which has made this famous medicine so successful in the treatment of female ills.

The letters from women who have been restored to health by the use of Lydia E. Pinkham's Vegetable Compound which we are continually publishing attest to its virtue.

The sufferer from biliousness is only too familiar with all its disturbing symptoms:—loss of appetite, headache, dizziness, nausea and vomiting, oftentimes meaning prostration for two or three days and the consequent loss of time from regular duties. Such attacks vary in frequency and duration with different individuals, but there is really no occasion for them to occur at all. That old reliable household medicine "L. F." Atwood's Medicine, taken in teaspoonful doses morning and night, rarely fails to wholly prevent an attack of sick headache or biliousness. If this preventive measure has not been adopted, a dessertspoonful when the first symptoms appear, will almost invariably ward off a severe attack. It may be obtained of any dealer, in large bottles for fiftycents, or samples free for the asking. "L. F." Medicine Co., Portland, Maine.

## Common-Sense for Corns, "Gets-It"

**The Great Painless Corn Loosener. Simple as A. B. C. Never Fails.**

If you have ever tried to get rid of a corn by bundling up your toe with bandages, or by using salve that made your toe red and almost

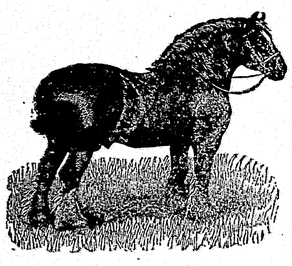

raw, or tried to drag your corn out with a knife, there will be a surprise waiting for you when you use "Gets-It." Imagine peeling your corn off gloriously, easily and painlessly, just like peeling off a banana skin. Well, that is what happens when you use "Gets-It." There is nothing else that will give you this same result. Millions of folks have had the same blessed experience. Why putter and suffer, limp, and spoil a good time for yourself and your friends, or your peace of mind while trying to attend to business? Use "Gets-It," the simple common-sense way.

"Gets-It," the only sure, guaranteed, money-back corn-remover, costs but a trifle at any drug store. M'f'd by E. Lawrence & Co., Chicago, Ill.

Sold in Norway and recommended as the world's best corn remedy by F. P. Stone.

**Nature Provides The Ingredients**

Argo-Phosphate, the New Herbal Remedy, Now Endorsed by Local People

If the digestive organs are not properly performing the work which nature has assigned to them, then nutrition, which is absolutely essential to the recovery of other diseased parts, will be lacking, and there can be no permanent relief. When bodily nutrition is normal, the stomach digests the food, the blood absorbs and carries the nourishment to the different parts of the body, causing the various organs to properly perform their functions.

Nature has provided a remedy in the ingredients of Argo-Phosphate, the new herbal stomach remedy, which is now being introduced here. It is purely vegetable and its vitalizing, corrective and reconstructive qualities are so pronounced that beneficial results are noticed from the first day. That this is true, it is only necessary to listen to the statements made daily by local people who have been benefited thereby.

Argo-Phosphate a fair trial and have given it is dispensed by A. L. CLARK DRUG CO.

# Shoe Prices

I want to take a little time and some space in this paper, that I may discuss with the readers of this article or advertisement, the shoe situation as it now stands. We will admit that prices are high, much higher than they ought to be, but we do not admit that they are out of proportion to the other necessities of life. I have recently paid $6.00 for a barrel of apples and I am perfectly satisfied with the price and surely believe that they could not be sold for less at a profit. I pay 65 cents per pound for butter, 12 cents a bottle for milk and so on down the list, and the producers are not getting any more than they ought to have for their work.

We have at the present time a store full of footwear of all kinds which we bought and are selling below the market price to-day. Our retail price on more than half our stock is less than we can buy at wholesale. It has always been the purpose and policy of this store to give our customers full value for their money, and this policy has surely been the means of bringing to us a good business which has increased year after year. Our customers have been loyal to us and we surely appreciate it. Now as the holidays are approaching we will suggest that you buy useful gifts and we are sure that footwear of all kinds is always useful and acceptable. We are also positive that we can suit you in style, quality and price.

We are fitting up and expect to have in operation in a few weeks, a modern boot and shoe repair department. We shall have all new and up to date machinery and intend to have as good a repair shop as can be found anywhere.

George Davee will be in charge and that fact is a guarantee that the work will be done right. We shall use the best of stock and our prices will be as low as good work can be done. We shall make a great effort to get the work out promptly. You will be informed when this department is ready for business. Save your repairing for us.

## IT'S NOT YOUR HEART IT'S YOUR KIDNEYS

Kidney disease is no respecter of persons. A majority of the ills afflicting people today can be traced back to Kidney trouble.

The kidneys are the most important organs of the body. They are the strainers, the purifiers, of your blood.

Kidney disease is usually indicated by weariness, sleeplessness, nervousness, despondency, backache, stomach trouble, pain in loins and lower abdomen, gall stones, gravel, rheumatism, sciatica and lumbago.

All these derangements are nature's signals to warn you that the kidneys need help. You should use GOLD MEDAL Haarlem Oil Capsules immediately. The soothing, healing oil stimulates the kidneys, relieves inflammations and destroys the germs which have caused it. Do not wait until tomorrow. Go to your druggist today and insist on GOLD MEDAL Haarlem Oil Capsules. In twenty-four hours you should feel health and vigor returning and will bless the day you first heard of GOLD MEDAL Haarlem Oil.

After you feel that you have cured yourself, continue to take one or two capsules each day, so as to keep in first-class condition and ward off the danger of other attacks.

Ask for the original imported GOLD MEDAL brand. Three sizes. Money refunded if they do not help you.

King-Perkins

At the home of the bride's parents in Ogunquit on the afternoon of Thanksgiving day, Mr. Philip H. King of Attleboro, Mass., and Helene Hortense Perkins of Ogunquit were united in marriage. The ceremony was performed by Rev. John G. Grace, the bridal couple standing under a palm the exact age of the bride.

An orchestra played the wedding march from Lohengrin as the bridal party entered the room. The groom was attended by his brother, Albert L. King of Portland, as best man, and the bridesmaid was Dorothy Perkins, sister of the bride. The bride was gowned in a Parisian model white Georgette over chiffon taffeta, with veil and orange blossoms, and carried a shower bouquet of white peas.

The out-of-town guests were: Mr. and Mrs. J. F. King, South Paris, Helen King, Albert King, H. P. King of Portland, Mr. and Mrs. W. L. Staples and Robert Staples of Boston, Dr. and Mrs. M. M. Tibbetts, Mr. and Mrs. Harley Ellis of York Beach, Clifford Perkins of Boston.

After the reception and buffet lunch the bridal couple left for a tour through Maine and were at Hotel Andrews, South Paris, Friday and Saturday.

Mr. King is the son of Mr. and Mrs. J. Ferdinand King of South Paris. He attended the University of Maine, and graduated from Gorham Normal School. During the war he was in the service eighteen months, enlisting in the First Maine Heavy Field Artillery. Later he was transferred to the aviation service, receiving a commission as lieutenant, and for the last four months of his service was instructor in aerial gunnery at Taliaferro Field, Texas. He is now instructor of mechanical drawing in the high school in Attleboro.

Mrs. King is the daughter of Mr. and Mrs. Samuel J. Perkins of Ogunquit. Mr. Perkins is the proprietor of St. Aspinquid Hotel at that place. Miss Perkins graduated from Wells High school in 1910, and from Gorham Normal in 1913, and has taught in York and in Lynn, Mass.

They will be at home in Attleboro after Jan. 1.

Found in Boston Paper

This town, South Paris, up in the Oxford hills of Maine plays an important part in the annual Christmas giving festivities. It is one of Santa Claus' important depots. Many thousand cords of hardwood are annually transformed in the mills of South Paris into toys for the annual holiday trade. These factories are among the largest in the country, and produce a variety of articles which would make a sizeable catalogue.

The number of varieties of dolls' chairs which are produced in these plants exceed half a hundred, while the beds and cradles and tables which they turn out between Christmas seasons have more different names than seems possible. Then there are wheelbarrows and carts of all sizes and descriptions. There are the usual express wagon style of carts and then there are the coasters.

Machinery is the great factor in the production of these toys. Most of it is of the automatic type; that is, the raw material is fed in and comes out the finished product. In this way chair rounds, legs and rockers, tabletops and cart and wheelbarrow sides are made. Even the painting of these toys is done by machinery. This is all necessary in order to meet the great demand for toys.

At this time these mills are working on the supply for the Christmas trade of 1920. The stock produced for this year's needs was all shipped by Sept. 1.

Purchases Power Rights

The water power of Snow's Falls in the town of Paris and the power at Biscoe Falls, about two miles south, have been purchased by E. S. Lincoln of Portland, a hydraulic engineer.

They are purchased for development of electricity for light and power at West Paris or Bryant's Pond.

The power at Snow's Falls has not been used for a long time, a linen manufacturing company was the last concern to use the water. A large dilapidated mill is now standing there.

At Biscoe Falls, a pulp mill was run for a number of years by the late J. S. Clapp, but the mill was burned about 20 years ago and since that time the water power there has not been used.

# HAVE YOU SCROFULA?

**Now Said to Be as Often Acquired as Inherited.**

It is generally and chiefly indicated by eruptions and sores, but in many cases it enlarges the glands of the neck, affects the internal organs, especially the lungs, and if neglected may develop into consumption.

It causes many troubles, and is aggravated by impure air, unwholesome food, bad water, too much heat or cold, and want of proper exercise.

Hood's Sarsaparilla, the medicine that has been used with so much satisfaction by three generations, is wonderfully successful in the treatment of scrofula. Give it a trial.

If a cathartic or laxative is needed, take Hood's Pills,—there is nothing better for biliousness or constipation.

## ANNOUNCEMENT ABOUT MUSIC

Many customers who come into my store for some particular article of musical merchandise express surprise to see such a variety of things with which to make harmony so I have decided to try to give the public a better idea of what can be obtained here. The main idea of the store is to supply the public with what they want in the line of music. As noted in the Advertiser of August 29 I recognize that there is a great diversity of opinion as to what is needed to make harmony but whatever it is I intend to have it if I know that the people want it. So if you don't see what you want, ask for it and I will do my best to get it for you. You may not want a bass drum but the other fellow will. Perhaps you will want your growing son to have a trombone. Some folks think that all that is necessary to make harmony is some good reading matter and the less noise the better. Suit yourself about that, but here's where you can find it. From some of the letters I have received in the prize competition it would appear that music has nothing whatsoever to do with sound. More about that later.

Well here you can find Victrolas, Grafonolas, records of all kinds from "Holy City" to "Casey Taking the Census," record albums, brushes, oil, grease, catalogues, sheet music and albums of all kinds of music (if I were to put in the names of the pieces they would fill many papers the size of this one) instruction books for all kinds of instruments, E flat bass horn, music stands, mandolins all sizes, shape and prices (the best is the Gibson), violins, strings, mutes, fittings, E-string tuners, rosin, bows, cases, guitars, Hawaiian guitars, Hawaiian Sets, green cloth cases, strings, capo-d'astros, chin rests, harmonicas, music satchels, pianos, tambourines, and many other articles which maybe I will mention another time.

On rare occasions I have used instruments of different kinds which bear an attractive price. Just now I happen to have two used graphophones practically as good as new at a reduced price. Then there is most always the special sale sheet music 10 for 50 cents (the kind not much called for or somewhat worn at the back) 22 for one dollar—my selection. I have a used Edison cylinder machine with about 50 records which someone will get at a low price. The books which I keep for sale are high grade story books, those about musicians and music. I also carry a full line of Webster's Dictionaries and the Scofield reference Bible. Come in and let me show them to you. Maybe you can get more music out of one of these than you could out of a trombone. O, I nearly forgot the oil paintings and the reproductions of the old masters. They are worth looking at if you do not want to buy. Anyway, come in and look around even if you do not want to buy anything. If you want to hear a record or two just say so and I will be glad to play them to you. If I am interested enough to sell a musical instrument occasionally and to have people have them in their homes for enjoyment I certainly should be willing to play a record occasionally here in my store to someone who has no thought of buying.

### Veranda Club Notes

The Veranda Club was entertained Friday evening, Nov. 28, at the home of Mrs. Maude Austin. Twenty members and one visitor, Miss Minnie Hill, were present. The usual Thanksgiving work was taken up by the club and the chairman, Mrs. Emma Swan, gave the usual report of the work. Christmas charity work was referred to the sick committee who will endeavor to fill the wishes of the club.

The following program was given in charge of Mrs. Vira Kilgore:

Reading .....Emma Swan
Reading .....Maude Austin
Reading .....Clara Jordan
Reading .....Clara Ames
Reading .....Nellie Merrill
Reading .....Alta Sheen
Recitation .....Emma Swan

Reading .....Maude Austin

The president appointed the committee who will present the program Thursday evening, Dec. 11th, Mrs. Maude Austin, chairman, Mrs. Roselda Banks and Mrs. Emma Swan.

The mystery box is one of the pleasant features of the evening. The hostess was the winner. It contained a sample square of the quilt on which the club are working. This was a gentle reminder of the duties expected of her as a member, it also contained verses appropriate for the future work. Refreshments of harlequin ice cream and crackers were served by the hostess assisted by Mrs. Addie Lovejoy.

The hostess was invited to partake of her refreshments in the living room on the floor to be more social. This wish was readily complied with. Thus a chance for the variety shower which followed. She was the recipient of many useful gifts, handmade pillow slips, various designs in towels, salad bowl, silver, glass and china ware. A social hour followed.

The next meeting will be held Thursday evening, Dec. 11th at the home of Mrs. Susie Wentzel. At the usual time the club departed leaving with the hostess their best wishes.

### Fiftieth Wedding Anniversary

Mr. and Mrs. Freeland Young recently observed their fiftieth anniversary. Fifty years ago they were married in Norway by the Rev. L. H. Tabor, pastor of the First Universalist church. The ceremony was performed at the residence of the late L. B. Weeks, Main and Marston streets, which was destroyed in the big fire of 1891. For three years after their marriage they made their home at Bryant's Pond, when they moved to Norway, andhave since made this their home. Mr. Young is a musician of more than ordinary ability. While at Bryant's Pond he was a member of the Bryant's Pond brass band. After coming to Norway, he became a valuable addition to the brass band of the town, continuing with it until its disbandment. He was also a first violinist of the Weeks' orchestra and was counted as one of the best in this section of the State.

After giving up his music because of ill health, he was employed by the B. F. Spinney shoe firm for sixteen years, staying with them until they went out of business.

Mr. Young was born at Snows Falls, Feb. 8, 1844, the son of David F. and Louise (Twombly) Young. His father lived to the age of 99 years, being the oldest man in the town of Paris. On Sept. 10, 1862, he enlisted as a member of Co. F, 23rd Maine Regiment. At the expiration of his enlistment he re-enlisted in the 7th Maine Battery on Nov. 12, 1863, receiving his discharge at the close of the war. George Walker of Norway, another of the Civil war veterans, enlisted in the Co. F and they tented together and during a critical illness of Mr. Young's, Mr. Walker was his faithful nurse and doubtless saved his life.

Mr. Young is a member of Harry Rust Post, No. 54, and for the past sixteen years has been the adjutant. He is also a member of Oxford Lodge of Masons and of Oriental commandery, Knights Templar of Bridgton.

Mrs. Young was born in Woodstock, the daughter of Mr. and Mrs. Perrin Dudley. She is a member of Harry Rust Relief Corps and has been conductor for 16 years. They have one son, Walter Perrin Young of Portland, who has inherited his father's musical talents, being a fine pianist and trombone player. There are two grandchildren, Beryl Bradbury Young, who is employed in Portland, and Philip G. Young of Norway, who is the father of their only great-grandchild. Constance, who is the idol of the three generations.

### Golden Wedding—Sweden Born

Hon. and Mrs. David Walker of Lynn celebrated their golden wedding anniversary on Monday, Nov. 24. Before their marriage, Mrs. Walker was Miss Florilla Kneeland, daughter of Mr. and Mrs. William H. Kneeland of Sweden. They have lived nearly all their married life in Lynn, and now have a comfortable home at 123 North Common street. Mr. Walker has served two terms in the Massachusetts House of Representatives and two terms in the Massachusetts Senate and 13 years on the Massachusetts State Board of Charities. He is a member of the Lynn Post of the Grand Army of the Republic, a past grand and an encampment member in the Independent Order of Odd Fellows.

Both Mr. and Mrs. Walker are members of the South Street Methodist Episcopal church, and she is the old senior resident member. He has held all the important church offices which are filled by laymen.

They have two children, Samuel K. Walker and Mrs. J. Alvah Parker, both of Lynn. The former is the present grand master of the Independent Order of Odd Fellows in Massachusetts.

### News of Former Pastors

Rev. Horace A. Roberts, Jr., son of a former pastor of Norway and Paris Hill Baptist churches recently preached in his father's church at Block Island, R. I. The younger Mr. Roberts who has followed his father's footsteps in becoming a Baptist minister, is not yet located, having recently been discharged from the Army Y. M. C. A. work. He is, like his father of a musical turn, and is likely to look closely after the musical work in his pastorates.

The senior Mr. Roberts, who has become a doctor of divinity since leaving Oxford county, is reported as in good health, and Mrs. Roberts is nicely according to the same reports.

Fredrick M. Davis will furnish music at a dance in Streaked Mountain Club house, Saturday night.

### Norway School Situation

In the succeeding weeks I shall write some articles concerning the condition of the Norway schools. They will deal largely with the high school. In these articles I shall endeavor to place before the people interested in the growth of Norway High School the facts which are indispensable to intelligent conclusions and constructive action. With all the facts before us we shall be able to take intelligent action at some future date.

In these artcles I shall not try to force my own hobbies on the mind of anyone, but merely present the facts as they appear to me as a school official.

#### Henry D. Hammond

After a long illness diagnosed as lead poisoning from drinking water, Henry D. Hammond, aged 62, passed away at his home, Thursday, Dec. 4.

He was born in Paris, June 7, 1857, the third child of Henry E. and Adaline M. Chase Hammond. Educated in the Oxford Normal Institute, he was a successful teacher a number of years, and resigned to devote his energies to agriculture on the homestead farm.

Mr. Hammond married in 1885 Ella L. Dudley, daughter of J. Smith and Lydia Stearns Dudley of Paris. She died a few months later, and in 1887 he married her sister, E. Gertrude Dudley. Mrs. Hammond survives him with two children, Charles H., 16 years of age, and Marian D., 13. There also survive him two sisters, Mrs. J. A. Kimball of Boston and Mrs. F. E. Shory of Portland. Another sister, Alice K., died some years ago.

He was elected a selectman of Paris in 1891, and from that time held the position during three separate periods, a total of some seventeen years. At the time of his death he was holding the position to which he had been successively elected each year since 1916. In 1901 he was representative to the legislature, and from 1909 to 1915 was county commissioner. He was a trustee of South Paris Savings Bank, and ex-president of the Oxford County Patrons of Husbandry Mutual Fire Insurance Co. He had been vice-president of the Oxford County Agricultural Society, and held other positions of public service.

Mr. Hammond was a member of Paris Grange, P. of H., and had been active in its affairs. He was also a member of Hamlin Lodge, Knights of Pythias, and a republican.

The funeral was held at the home at 1:15, Sunday, attended by Rev. C. G. Miller of South Paris and Rev. Helen H. Carlson of Paris Hill. The service of the Knights of Pythias was also given by Hamlin Lodge. There was a very large attendance. Burial in Hillside cemetery.

The well known Cobblers Club was organized 55 years ago Wednesday, Dec. 17. Clarence M. Smith of Norway is the only survivor of the four cronies who assembled in an attic room of Benson Hawkins building, corner Main and Danforth street. This club was the parent of the Bass Island Club and the Canal Cinnamon Club with its members represented in each. Mr. Smith observes the anniversary alone in Cobblers hall, as a memorial to James Danforth, Fred Crockett, George Howe, the first signers who have passed over the line. The membership has been limited to eight men of congenial temperament, and many pleasant memories cluster around the organization which has been represented by the late Morvill Fuller, Sim Walcott and others well known about town in their day.
